Post-Installation Unit Inspection Form

Date of Installation:
Address:
PO or order or reference #:

Inspection Instructions:

- Complete this form within 48 hours of installation. If any issues are identified, document them thoroughly with written descriptions and supporting photos. Submit the form to your dealer.

Check all the following	*Issues to Report*
Paint - Note any blemishes, scratches, gouges, or non-standard finishes that cannot be resolved using the provided touch-up paint. - Refer to the Paint Warranty for coverage details.	
Door Fit and Seal - Verify that the threshold is level and the unit is installed plumb. - Confirm that doors compress the weatherstrip properly and reveals are even on all sides. - Check that all hinges are seated, flush, and properly aligned. - Ensure the doors swing and close smoothly.	
Door Hardware - Confirm that all hardware has been installed and operates correctly. - Check that doors seal as intended when closed.	

Notice: FAILURE TO RETURN FORM AS DIRECTED CONSTITUTES AN ACCEPTANCE OF THE CONDITION OF THE DOOR AS-IS.
